## Dear Friends:

Effective July 1, 1941, all invoices for purchases will be charged at the prices quoted in this book, unless Special Offers are made by letter or telegram and referred to when the order is placed. We expect to adhere throughout the fall to the prices quoted herein, unless some causes beyond our control require a change, in which case we shall be governed by the market. All goods are offered subject to prior sale, and we reserve the right to change prices without notice if it should become necessary.

Unsettled conditions throughout the world make it impossible to import those varieties of flower seeds we usually get from abroad. On some, our supply was sold out the past spring, making it necessary to omit them from this book. We are listing such varieties of which we believe we have sufficient seed for fall requirements, but as growers in many countries cannot obtain their needs from Europe, they are buying from America, thereby further depleting the supply.

Of course, we grow on our own farms many varieties of flower seeds. Production costs are starting to go up; it may be that we will not be able to maintain these low prices indefinitely. We suggest you cover on your requirements of all seeds as soon as possible.

Faithfully yours,

*David Burpee*

### BURPEE GUARANTEE

We guarantee the vitality and purity of Burpee's Seeds and Bulbs to the full amount of the purchase price. Atlee Burpee Co. be liable for more than the amount actually paid us for seeds or bulbs. All goods are sold under this Burpee Guarantee.

## Burpee's New Early Flowering Sweet Pea

### 3361 Kate Smith

The best all-around early flowering scarlet Sweet Pea. On newly opened flowers, the standards are bright Geranium Lake overlaid with Turkey Red lightening to orange-cerise at the base; wings have a distinct scarlet-cerise tone. As flowers age, there is less difference in color between the standard and wings, the color becoming bright scarlet with a slight suffusion or undertone of rose. There is a brilliant sheen to the flowers which makes them sparkle even in dull and cloudy weather, and which is accentuated when days are clear and sunny. Under artificial light, the flowers take on a warmer scarlet tone which is most pleasing and adds to its attractiveness.

Kate Smith Sweet Pea is unusually long stemmed; flowers are large, well placed, well formed and consistently borne in fours. Ideal for florist use. A beauty. **Oz. \$1.00; 4 ozs. \$3.60; lb. \$12.00.**

*Ann Batchelder, Associate Editor, Ladies' Home Journal, with the new Sweet Pea named in her honor by David Burpee*

## Burpee's New Early Flowering Sweet Pea

### 3370 Ann Batchelder

Very bright and lively color; quite distinct and outstanding. When first opening, the standard and wings are an exquisite shade of orange-salmon flushed copper-pink, changing to a glorious orange-pink when fully open. A tyrian-pink halo at base of standard and wings adds vivacity and charm.

Flowers are very large, well formed, of heavy substance, beautifully frilled and often duplexed. Stems are exceptionally long and strong; vines are vigorous growing and very free flowering. For vigor, form, substance, stem length, placement and size, we highly recommend Ann Batchelder where an orange-pink Sweet Pea is wanted. Whether grown outdoors or under glass, the color is different from existing varieties and stands out in any planting.

Oz. \$1.00; 4 ozs. \$3.60; lb. \$12.00.

## Spring Flowering Sweet Peas

Come into bloom, outdoors, between the Early and Giant Spencer classes. Plants are quite vigorous, and what the flowers lack in size is made up by the heavy crop of blooms produced. Vines seem more heat resistant than other Sweet Peas. Under glass they are unusually free flowering and prolong the spring cutting season.

We offer three colors, each of which received an award in the All-America Selections for 1940:

**3470 Blue** Clear marine blue; free bloomer.

**3479 Lavender** Lovely soft shade of lavender.

**3447 Rose Pink** Beautiful rose-pink on white. Any of these 3 separate colors:

Oz. 30¢; 4 ozs. \$1.05; lb. \$3.50.

## 1573 Yellow Shaggy Calendula

Yellow Shaggy has the deepest flower heads of all calendulas. Flowers are so deep that they are globular, 3 in. across and almost as thick. The petals are quilled and deeply cut on the ends, giving the flowers a very shaggy and artistic appearance. It is the unusual shape of the petals that has given this calendula its appropriate name.

The color of the flowers is a bright clear yellow with a lighter yellow center, which is nearly covered by the mass of petals. Flowers are borne on very long stems and their form makes them excellent keepers. The well-formed bushy plants grow  $1\frac{1}{2}$  ft. tall and are loaded with their attractive flowers. Especially recommended for all cut-flower purposes.

$\frac{1}{8}$  oz. 50¢;  $\frac{1}{4}$  oz. 90¢; oz. \$2.75.
